## ELEMENTS tick ONE (1) from each row

Bottom	<input type="checkbox"/> 2kW	<input type="checkbox"/> 3kW	<input type="checkbox"/> N/R	<input type="checkbox"/> Other _____
Top	<input type="checkbox"/> 2kW	<input type="checkbox"/> 3kW	<input type="checkbox"/> N/R	<input type="checkbox"/> Other _____

## CONDITIONS OF SALE

If the dimensional specifications fall outside of our standard range of sizes and design options, the water heater may NOT be acceptable to your Local Territory Authority who administer compliance to the NZ Building Code (G12). It is the CUSTOMERS responsibility to gain Territorial Approval.

Peter Cocks will not be liable for the installation or operational efficiencies of the water heater manufactured to a customers specification and outside the standard product range.

While normal manufacturing warranties apply, non-standard models cannot be guaranteed to meet the durability requirements of the NZBC. Peter Cocks specifically excludes all non-standard models from its appraised product range and will not accept liability under the 'Durability' clause of the NZBC.

Peter Cocks will not receive back for credit any goods manufactured and supplied as a non-standard water heater.

I have read and accept the above conditions of the sale and acknowledge that all water heater specification requirements are correct.

**SIGN-OFF** Approved by the Merchant or Customer
